Home, family, and personal enrichment

December 2001

Dear Sisters,

We anticipate another fantastic year of Enrichment meetings for the Geneva branch, and you can help us make them even better. In order to meet everyone's needs, we're circulating a list of tentative mini-class topics (on the back of this sheet). Please do two things as you go through this list: mark the topics that most *interest* you, and then — don't forget this part! — mark the topics that you might be willing to *teach*.

As you consider which topics you may be interested in teaching, bear in mind that these mini-classes will be *very short* (30 minutes) and, since we'll try to have two or three mini-classes offered simultaneously, each one will have just a small group of sisters attending. Each of you has so very much to offer — please consider giving a mini-class or two (or more!). And, of course, having different teachers every month makes Enrichment that much more interesting for everyone. Thank you for taking a few minutes to answer the following questions:

Please list some of your talents and training, hobbies and special interests. What do you *love* to do?

Do you have a skill or craft that you would be willing to *display* at one Enrichment meeting this coming year?

Are you a talented cook or baker? Do you have a favorite recipe or special dish that you're "famous" for?

If so, would you be willing to bring it to an Enrichment meeting once next year?

Is there someone in the branch with a special skill or talent that you would like to have taught at Enrichment?

Person: _____ Person: _____

Skill/talent: _____ Skill/talent: _____

Are there additional topics to those mentioned on this sheet that you would like to have taught at Enrichment?

You can return this sheet to me on Sunday at church, or by mail (13, route de Sauvigny, CH-1290 Versoix). Of course, your additional comments and suggestions are always welcome (bryan@iprolink.ch or 022/ 755.15.35) — these meetings are for *you*, after all. They should be meaningful, helpful, enjoyable, absolutely unmissable!

Thank you,

Allison Bryan
