

Nourishing Your Personal Development

enrichment meeting

Tuesday • 12 March • 7:30-9:30 PM

Held at the Longfellow Park Chapel

Cambridge II Ward Relief Society

7:30 MESSAGE *from the Relief Society presidency*

7:35 MINICLASS

Understanding and Loving Your Patriarchal Blessing — “A patriarchal blessing literally contains chapters from your book of eternal possibilities,” teaches President Monson. “It is your passport to peace in this life. . . to guide you unerringly to your heavenly home.” Discover how to make greater use of your patriarchal blessing, so that it can comfort and anchor you, and strengthen you in your daily effort to choose the right. (*President Lloyd Baird*)

8:10 MINICLASSES *Choose one of the following:*

Developing Your Talents and Creativity — Our grandmothers made their own clothes, knit socks, milked cows, churned butter and sold it, raised chickens, gathered wheat, and served the Church. Is any less required of us? We don't have to do exactly what they did, but we do have to be just as industrious, just as compassionate, just as frugal, just as prepared. This is our heritage as daughters of God who have each been endowed with distinctive gifts. Unleash a more talented, creative YOU, and just as in Christ's parable, your talents will multiply! (*Randall Rogers*)

Creative Class: Cake Decorating — Learn the secrets of creating simple but elegant cakes. With a little practice, you'll soon be creating your own wonders for special occasions. Whether you're a novice in the kitchen or an experienced pastry chef, this just-in-time-for-Spring class will leave you inspired! (*Jennica Galovan*)

8:45 MINICLASSES *Choose one of the following:*

Goal-Setting for Lifelong Learning — You already know what you need to do to have a more rewarding life, but the demands of daily living make it difficult to maintain the focus needed to achieve lasting changes. Unless we change, however, we will find in our old age that we have reached but a small part of our potential. Allow Collette to motivate and instruct you in developing—and accomplishing—the right goals for your life! You will find that you can do more than you ever thought possible and be more than you ever believed. (*Collette Blackwelder*)

Creative Class: Hair Cutting Basics — Start learning to cut hair today! It's fun to do and will save your family lots of money. In this hands-on session, you will learn basic cutting principles to get yourself off to a great—not to mention stylish—start. (*Hilary DeAnda*)

9:20 REFRESHMENTS— **Quickbreads** are perfect when you want to whip up an easy and delicious accompaniment to a meal, something sweet to set it off. Unlike yeast breads, these little numbers need no time to ferment and rise—they are speedy! Festively wrapped, they make thoughtful neighbor gifts, as well. Come and be won over by our hot breads, biscuits, fruited muffins and loaves, and you won't need reminding to take the recipes home with you.

THIS MONTH'S **DISPLAY** will feature the quilting and handiwork projects of our own Cambridge II Ward sisters.
